20-120kWh modular battery storage system for commercial, solar, and backup applications. Scalable, high-voltage solution with LiFePO4 safety and BMS.

GSL ENERGY High-Voltage Rack Energy Storage System -- 51.2V 200Ah modular modules, total capacity ~120kWh. Built for commercial & industrial workloads: reliable, safe, and ...

Impress your customers with our storage systems for commercial & industrial enterprises, delivering increased energy security and reduced energy costs. Find out more here.

High-Capacity Energy Storage: With a capacity of 80-120kWh, this cabinet is ideal for small businesses and commercial applications, providing a reliable source of power during outages ...

Power storage solutions for commercial and industrial projects (ESS) with a wide capacity range from 50 kW to 1 MW, with multiple power storage configuration options from 2 to 5 hours.

Our products are widely used in lead-acid replacement, household energy storage system, industry, data center, 5G, telecommunications, UPS, low-speed EV, portable power station and so on.

Ideal for deployment in industrial parks, supermarkets, hotels, office buildings, data centers, and solar charging stations, this high-efficiency energy storage solution enables users to reduce electricity ...

Dynamic capacity increase: energy storage equipment is used to replace the capacity of transformer in peak period to help customers reduce and reduce the expansion cycle and cost of transformer ...
