SunArk Power has core technology patents in new materials, new technologies and new structures of battery power supply, has led and participated in the formulation of a number of international, ...

The cabinet design is convenient for transportation, with a system capacity of 15KWH-50KWH, supports multi-machine parallel connection, and can be flexibly expanded.

Coremax 40kwh lithium battery bank with light weight and takes small space for installation. As we are supply directly from our factory. The price for this 48 volt 800ah battery system very competitive.

Peak cutting and valley filling, self-use, and hybrid grid, off grid.

SunArk Power has core technology patents in new materials, new technologies and new structures of battery power supply, has LED and participated in the formulation of a number of international, ...

All-in-one 40kWh lithium battery energy storage cabinet system developed for demand regulation, industrial and commercial energy storage.

The 25U Solar Battery Cabinet, equipped with a 40kWh energy storage system, is a highly efficient and reliable electrical enclosure specifically designed for renewable energy applications.

SR Brackets are an open battery stacking system that is flexible, secure, and sets up in only a few minutes. Stack up to 8x SR5K-UL battery modules securely using the interlock hinges.
