Is a custom battery pack better than a lithium-ion battery pack?

In some instances, a custom NiMH battery pack or custom alkaline battery pack may perform better than a lithium-ion battery pack, while keeping your costs lower. When involving our team of engineers early on in the design process, we can help assist you in choosing the proper custom battery solutions for your needs.

What is a lithium battery?

Custom Lithium Battery Packs & Assemblies Lithium is the lightest non-gaseous metal, and its negative potential for battery packs is higher than any other metal. Lithium-chemistry batteries and battery packs have the highest specific energy (energy per unit weight) and energy density (energy per unit volume) of all battery types.

Who is Lithium Power?

Welcome to Lithium Power, Inc., Your premier choice for cutting-edge lithium battery design and manufacturing solutions. With an unwavering commitment to innovation, LPI is revolutionizing the mobile/portable energy and energy storage industries one battery at a time.

What is a lithium polymer rechargeable battery pack?

Lithium polymer rechargeable battery packs are available in different, custom-tailored configurations that can deliver longer run times or higher discharge rates. Cells as thin as a credit card are possible. Common applications include: Small one- or two-cell consumer electronics Industrial and many others

Our expert engineers and technicians deliver custom, high-performance, reliable, and safe battery solutions tailored to your unique and demanding requirements.

We are a full-service custom battery manufacturer with full design and engineering capabilities. Our team has extensive experience with lithium-ion, lithium polymer, nickel metal hydride, nickel ...

We offer custom housing solutions that ensure your battery pack fits perfectly within your device, with options for waterproofing, shock resistance, and temperature regulation.

Your specialist custom lithium-ion battery pack manufacturer. We design and manufacture custom lithium battery packs for diverse industries.

Inventus Power, with over 60 years of expertise, delivers custom, highly engineered lithium-ion battery

solutions prioritizing safety, reliability, and innovation across diverse industries.

Explore a wide range of custom battery pack assemblies in various chemicals and styles. Contact us to get a quote tailored to your specific application!

Li-ion battery packs manufactured by Gushine are engineered for a wide range of applications, from handheld terminals and smart hardware to robotics and medical devices. As a full custom solution ...

With a team of over 300 professionals across our production and development facilities in Europe and Asia, we deliver safe and reliable battery packs, ranging from simple lead-acid batteries to complex ...
