During the development of the BNEP, the Ministry of Energy and Water Resources (MEWR) also engaged the International Renewable Energy Agency (IRENA) to develop a draft Renewable Energy ...

The Barbados Light & Power Company Ltd @BLPC installed utility-scale energy storage as a component of the 10 MW Solar Photovoltaic (PV) plant in the north of the island at Trent's St. ...

There were three scenarios investigated in the IRRP. The scenarios were, the Least-cost Plan (LCP), the Carbon Cost internalised (CO2), and the Forced Firm Renewable Scenario with Carbon Cost ...

Barbados is a step closer to launching its first procurement project for Battery Energy Storage Systems to support the grid and unlock stalled Solar PV connections.

This document was developed by the National Renewable Energy Laboratory with support provided by the Caribbean Center for Renewable Energy and Energy Efficiency.

The battery storage rollout is expected to help clear the backlog of renewable projects awaiting grid connection and support Barbados' target of 100 per cent renewable energy by 2035.

BRIDGETOWN, Barbados - Barbados has launched the second phase of the competitive procurement process for Battery Energy Storage Systems (BESS), which brings the island closer to ...

Dive deeper into the details of Barbados Light & Power's battery storage challenges in this exclusive podcast. Hear expert analysis on the regulatory decisions, the technical requirements for grid ...
