What are the top lithium battery manufacturers in 2025?

The top lithium battery manufacturers in 2025 include CATL, BYD, LG Energy Solution, Panasonic, Samsung SDI, SK Innovation, Tesla, EVE Energy, CALB, and BAK Battery. These companies dominate due to their technological innovation, production capacity, and market share in automotive, energy storage, and consumer electronics sectors.

Who is the largest lithium-ion battery manufacturer in the world?

Contemporary Amperex Technology Co., Ltd. (CATL) Founded: 2011 Location: Ningde, China According to Blackridge Research & Consulting's recent study on the global lithium-ion battery market, China-based CATL was the largest lithium-ion battery manufacturer in 2021, with the highest market share.

What makes a good lithium battery manufacturer?

The top lithium battery manufacturers combine scale, innovation, and strategic partnerships. As demand for EVs and renewable energy storage grows, sustainability and regional policies will reshape the competitive landscape. Who is the largest lithium battery manufacturer? CATL is the largest, with a 35% global market share.

Is CATL the world's largest lithium battery producer in 2025?

Yes, CATL continues to hold the top position as the world's largest lithium battery producer in 2025. In 2024, they commanded approximately 38% of the global EV battery market, supplying giants like Tesla and Volkswagen, and this dominance is projected to extend into 2025 due to their continuous expansion and technological advancements.

The top 12 lithium-ion battery companies are CATL, BYD, CALB, LG Energy Solution, Panasonic, Samsung SDI, SK Innovation, Toshiba, A123 Systems, and others

The Top 8 largest lithium companies include Sociedad Química y Minera (SQM), Ganfeng Lithium, Albemarle Corporation, Tianqi Lithium, ...

Lithium-ion batteries are lightweight, powerful, and resilient. Who are the top 15 lithium-ion battery manufacturers? Check out our blog to learn more.

We present the largest, most influential battery manufacturers, exploring their market positions & strategies that have enabled them to dominate the industry.

Biggest lithium battery companies
