The company specializes in the design and manufacturing of lithium-ion battery packs and battery management systems specifically for renewable energy storage and electromobility applications.

Top 10 Lithium Battery Suppliers in Hungary - 2026 Guide In recent years, Hungary's energy environment has changed noticeably. Fluctuating electricity prices, reliance on external ...

Met Group Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

Met Duna Energiatároló, a unit of the MET Group, an energy company based in Switzerland with Hungarian roots, has inaugurated a 40 MW / 80 MWh battery storage at the ...

If you are interested in buying BESS containers, exploring containerized battery energy storage systems, or need a customized energy storage system container, we are here to help.

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and increase ...

E.ON has installed a new battery energy storage system in Soroksár to help stabilize Hungary's power grid and enable more household-scale solar systems to connect to the network.

Hungary's strategic position in Europe makes it a hidden MVP in energy storage - think of it as the "Battery Valley" where Eastern and Western energy grids hold hands.
