AGreatE ATEN-500 is a fully integrated all-in-one containerized energy storage system, which delivers a wide range of energy storage solutions for commercial and industrial applications, microgrids and ...

Built inside a 40HQ container, the system integrates solar PV, lithium iron phosphate (LiFePO4) batteries, hybrid inverter (PCS), EMS, and all auxiliary systems for seamless deployment.

BESS, ESS & EPC TurnKey Services By installing an energy storage system, companies can achieve a solid return on investment while keeping costs low. Our solutions allow unused amperage to be ...

The Microgrid System comprising four Galaxy 261 cabinets and an MPS microgrid hybrid inverter, builds on the advantages of full-function integration by combining EMS, PCS, and BMS in a compact design ...

Maximize industrial energy storage with SmartESS 500, featuring 1000kWh capacity. Ideal for large-scale energy needs. Shop at EnSmart Power.

Easily upgradable from 500kW to 1MW of energy storage, storing up to 3.8MWh of energy, enough to power an average 3,600 homes for one hour.

Featuring a split PCS and battery cabinet design, it offers 1+N scalability and integrates seamlessly with solar PV, diesel generators, the grid, and utility power.

Looking for a 500kW solar system or a 1MW PV + ESS solution? We specialize in large-scale, industrial-grade solar systems, designed for factories, data centers, warehouses, and mining sites.
