What is an outdoor Telecom cabinet?

Technologies such as digital transformation, Industry 4.0 and Big Data create revolutionary differences in our lives. Outdoor Telecom Cabinets are rugged enclosures designed to protect telecommunications equipment from environmental factors while providing secure access for maintenance.

What accessories are included in an outdoor Telecom cabinet?

An outdoor telecom cabinet from KDM includes enclosure fans and power options. Depending upon the installation location, KDM also offers an optional built-in air conditioner or heat exchanger.

Why should you choose a telecom outdoor cabinet?

An outdoor telecom cabinet is a worry-free solution for safeguarding your equipment from moisture and harsh environmental conditions. KDM's cabinets are factory tested and feature double-wall construction and a tight seal. They come with accessories such as enclosure fans and power options.

Can telecommunications equipment be terminated outdoors?

One of the biggest challenges of terminating your telecommunications equipment outdoors is finding outdoor enclosures that will be able to properly withstand the elements. Temperature, moisture, ice, shock hazards, and UV damage are all potential dangers to consider before purchasing an outdoor enclosure or cabinet.
