Get detailed specs and pricing for Sunmaygo's solar containers. Compare models, battery options, and calculate ROI. Find the best mobile solar power system for your needs.

Highjoule's outdoor cabinets can be customized for 3kW to 20kW continuous output and 10kWh to 200kWh of lithium battery storage. The capacity is scalable depending on site load, sunshine hours, ...

The cabinet save time on-site and provide the customer with a neat, safe enclosure for their solar system installation. Our solar battery cabinet systems are storing Pylontech lithium-iron phosphate ...

Higher voltages mean lower current, allowing for smaller wires ...

Featuring an IP55/IP65-rated enclosure, it offers excellent resistance to water, dust, and corrosion, making it ideal for solar energy, wind-solar hybrid, off-grid, and industrial backup power systems.

Adopting a modular integration design, the system achieves a single-container capacity of 20MWh and a design lifespan of 25 years, leading the global industry.

Peak shaving and valley filling: by charging and storing energy at valley time and discharging energy at peak time, the electricity cost of customers can be reduced and the electricity charge at the power ...

Standard lead time is 15-20 days after deposit confirmation for 1-5 containers. Larger projects (6+ units) are scheduled based on production line availability with expedited options available upon request.
