How much mpg does an ESS make?

It is technically a mild hybrid setup and provides about 90 ft lbs of torque in addition to the engine's power, so it should produce its gains in city and stop and go driving. I'm not sure how much, because I have not lived with it. ESS alone, on mine, produces about 1 mpg gain on my commute, which is stop/go.

What is the ESS tuning S550 GT 5.0 supercharger?

The intercooled ESS Tuning S550 GT 5.0 supercharger system is the culmination of over 25 years of forced induction experience. The G2 supercharger has a max capacity of 1300CFM, and is ideal for the Coyote application in power ranges of 575-800WHP... COMING SOON!

Our plan for these was to offer them as a complete ready to swap Drivetrain / Engine. Complete with our power steering front drive and fitted with either a 2650 blower or our twin turbo kit.

For example, another brand of engine, I used to build in 3-4 days, last time I built one was 20+ years ago, started most recent build in Feb, just finished up in July and I'm having trouble with ...
