Should payment systems be regulated in Fiji?

But regulation is needed to provide a safe and predictable framework to enable payment systems to operate. On 12 February 2021, the Fijian Government passed the National Payment System Act 2021 (Act). When the Act comes into force, it will serve as the umbrella legislation for all payment services and systems operating in Fiji.

Does Fiji have a new payment system?

From cash, cards, mobile money and internet banking, Fijians have more ways to pay than ever before. In 2021, the Reserve Bank of Fiji (RBF) embarked on a reform to modernise Fiji's National Payment System (NPS). This article provides an overview to this reform.
