Introducing the GSL ENERGY 409-716V 200AH Solar ESS Lithium Iron Phosphate (LiFePO4) battery--a high-voltage residential energy storage solution. Available in capacities of 80kWh, ...

The 120 kW automatic switching cabinet integrates STS-based control, protection, and monitoring functions to enable safe and automatic grid-connected and off-grid operation works with energy ...

When unlimited security is not enough. Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters.

Powerful 50KW/120KWh hybrid energy storage solution with integrated inverter, BMS & EMS. LFP batteries, redundancy design. Expandable up to 120KWh.

Industrial and outdoor battery cabinets for Ni-Cd and lead-acid batteries. Indoor & IP65 outdoor solutions with thermal control and long service life.

Delong 120kWh energy storage cabinet is equipped with a battery, inverter, high-voltage box, air conditioner, and fire protection system. The complete all-in-one design provides you with ultimate ...

We deliver a complete, intelligently networked system - featuring power electronics manufactured in-house in Bocholt (Germany), high-performance batteries selected to match your project, integrated ...

The modular design allows a choice of battery storage size with each energy block containing 12kWh of battery storage capacity. A minimum of 4 battery modules are required providing 48kWh. Up to an ...
