We commissioned our first battery energy storage system at our Aghada generating site in Co Cork in 2022, capable of generating 19MW. We added a second battery on the same site in 2024 with an ...

ESB has opened a major battery plant at its Aghada site in Co Cork, adding 150MW in energy storage to help provide grid stability and deliver more renewable power.

It is located at Poolbeg Energy Hub, where ESB - around 95% owned by the Irish state with the remaining stake held by its employees - is planning to deploy a combination of clean energy ...

Electricity Supply Board (ESB) officially opened its 75MW/150MWh battery energy storage system (BESS) in Dublin last week (7 February), making it the largest project of its kind in ...

Irish state-owned utility ESB on Friday inaugurated a 150-MW/300-MWh battery energy storage system (BESS) at its Aghada site in County Cork as part of its EUR-300-million (USD 317m) investment in ...

The state-owned energy company is to develop battery energy storage systems at two of its pre-existing sites, one on the east coast at Inchicore, Co Dublin and one on the west coast at ...

Irish state-owned electricity company ESB has opened a 150MW/300MWh battery energy storage system (BESS) at its Aghada site in Co Cork. The project is the latest step in ESB's ...

Deployment of battery storage will be capable of responding in milliseconds to frequency changes, importing or exporting electricity from the grid as needed, and helping efficiently stabilise the grid, ...
