Wondering if any-one has any experience with the Kings 120amp lithium battery. I've had some battery problems and needed to replace my Projecta charger and batteries so I thought i'd give ...

But what I have gleaned out of my reading is that the gases from LiFePO4 batteries are produced during a runaway event or damage event, like a screw through the side of a battery.

Is anyone running the kings 200ah lithium batteries, and if so ...are they working up to expectations or specifications... Be wary that influencer opinions may not be objective, as they may ...

I'm interested in hearing from anyone's views that have or are using the Kings lithium batteries on their boat. Don't bother posting if you haven't used them or if your friends cousins ...

So the Kings 120AH Lithium Battery has got a pretty good (in depth) review from Lock Your Hubs. The other night after watching I checked out the 4wd Super Centre site and this battery ...

Has anyone had any bad experiences with the 300ah lithium battery The discussion revolves around the reliability and performance of Adventure Kings...

Kings are vigorously advertising 200AH LiFePO4 batteries at \$818.95 delivered. Specs read well but they ommit whether these batteries can be connected in Parallel or Serial arrays.

This forum to be used for ALL Q & A concerning RV Electrics including batteries, inverters, solar, chargers - anything electrical in an RV. Members are reminded that work on mains ...
