Integrated PV and storage system with super wide PV input voltage; Small footprint and IP54 protecting grade for outdoor installation. Safe & Reliable High-performance battery cell, meet IEC/UL/GB ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

The SolaX ESS-TRENE is an all-in-one C& I energy storage cabinet, in liquid cooling model. Equipped with high-performance LFP cells, advanced energy management, and robust safety features, suitable ...

The Ener Hexon® Smart 110P adopts an integrated air-cooled design, incorporating 5 battery PACKs, a 50kW hybrid inverter, BMS, EMS, an intelligent temperature control system, an advanced fire ...

Wenergy provides fully integrated, outdoor-rated ESS cabinets using LiFePO4 technology with modular design and robust safety architecture. Our solutions are engineered for long-term operation, scalable ...

Early thermal runaway prewarning design, integrating detection, fire suppression, combustible gas detection, smoke and explosion relief functions, which interacts with BMS and EMS to realize PACK ...

Space-saving: using door-mounted embedded integrated air conditioners can save space in the cabinet by not occupying any space, improving the available space, enhancing the top structural integrity, ...

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.
