LONGi Solar is the world's leading manufacturer of high-efficiency monocrystalline silicon wafers and PV modules. With advanced HPBC and PERC technology, LONGi delivers reliable, high-performance ...

Learn how to choose solar panel longi models with high efficiency, durability, and value. Compare types, specs, and top models for your solar project.

Vertically Integrated Solar PV Value Chain LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy ...

The release of the "Longi Life Cycle Standard" promotes the high-quality development of the photovoltaic industry. At the same time, the use of Longi standard orders has improved delivery ...

Chinese solar manufacturer Longi unveiled a new PV module with 25.9% efficiency at the 2025 SNEC trade show this week in Shanghai, produced using both low- and high-temperature ...

LONGi launches next gen 700W solar module using HIBC cell tech, setting new standards in solar efficiency and clean energy performance.

LONGi Solar, a Tier 1 solar panel brand, offers state-of-the-art solar technology features in their solar modules, including PERC technology. PERC cells allow solar panels to have a high cell efficiency.

In November 2022, LONGi Solar introduced its groundbreaking Hi-MO 6 series, marking a milestone in solar panel technology. The new panels utilize Hybrid Passivated Back Contact (HPBC) cell ...
