The SOK 20 kWh Lithium Battery Kit is a high quality lithium iron phosphate solar energy storage battery system designed for houses, off-grid, motorhomes and industrial applications.

Using safe lithium iron phosphate (LFP) chemistry, these batteries offer stable performance, long cycle life and high thermal safety - making them well suited to New Zealand conditions.

When combined with a new or existing solar power system, home batteries allow you to maximize the use of your solar energy by storing excess electricity produced during the day for use at any time. ...

Discover our selection of lithium LiFePO4 batteries at MEDA, designed for your motorhome, caravan, and RV in both 12V and 24V options. We also offer a variety of 48V lithium batteries, perfect for ...

Store renewable energy safely in TITAN's high-tech battery ...

Discover high-performance lithium iron phosphate batteries from Sunnytech, ideal for solar storage, EVs, and off-grid power. Reliable, safe, and long-lasting energy solutions.

With a focus on innovation and sustainability, we're proud to manufacture premium-quality solar batteries in the heart of New Zealand. Each Lithium battery is meticulously crafted to order and ...

Discover the power of reliable and sustainable energy storage with SETL ENERGY Solar Batteries. Our advanced LiFePO4 (Lithium Iron Phosphate) batteries are engineered for solar systems, providing ...
