Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

What are the key characteristics of global PV module manufacturers?

This report, drawing on the latest developments in the 2025 market, analyzes the key characteristics of the top 10 global PV module manufacturers across four dimensions: technological capability, vertical integration, international presence, and performance in the European market.

Should you choose a trusted solar panel manufacturer?

Installing a solar system is costly, but it typically pays off well over time if you choose a trusted solar panel manufacturer. There are dozens of options on the market, but comparing the industry's leading suppliers can help you have a clearer picture of which brand delivers your energy needs and long-term goals.

What is the future of photovoltaics in Europe?

Against the backdrop of an accelerating global energy transition, the total installed photovoltaic capacity worldwide is expected to exceed 1,200 GW by 2025. The commercial and industrial (C& I) market in Europe is expanding in parallel, with solar PV becoming a key tool for businesses to manage energy consumption and drive green transformation.

Sinovoltaics, a Hong Kong-based technical compliance and quality assurance service firm, has released a PV Module Manufacturers Ranking covering 52 panel suppliers spread across the world.

This ranking breaks down the best photovoltaic manufacturers based on innovation, market share, and technical capabilities - essential insights for solar project developers and energy investors.

See which solar module manufacturers have earned Tier 1 status this year. The list is reviewed and updated every quarter to reflect the most current rankings. Interested in seeing which ...

Wood Mackenzie's score-based ranking assessed more than 40 leading module manufacturers across 10
