?Wonderful 3D Solar System Effect?:The crystal ball of night light is made with novel 3D technology,The LED base emits colorful light. passes through clear crystal ball It is designed with ...

??SPACE-THEMED GIFTS ?? :- Solar System Crystal Ball Night Lights Made Of K9 Crystal, Interior Images Are Carved By Advanced 3D Laser Engraving Technology. Glow Lamp with Removable Balls Is Solar ...

The betaray crystal sphere is a weatherproof glass ball which concentrates sunlight and moonlight into an intense beam that can generate electricity up to 70% more energy than solar panels.

The spherical generator works by using a large transparent sphere to focus sunlight onto a small surface area of mini-solar panels. Efficiency is enhanced because the solar panels used in ...

Shaped as a sphere that functions like a magnifying glass, this spherical solar collector concentrates the incoming diffuse sunlight on its surface through the spherical lens to a collector containing solar ...

Look at the solar power generator in a form of sphere. Read the advantages of this model.

A German Architect has designed an innovative form of a solar power generator. Unlike being flat or thin like other PV panels, this one is a giant transparent sphere!

This generator will combine spherical geometry principles with a dual axis sun tracking system. The glass sphere is used to concentrate diffused sunlight into a small surface of tiny solar panels.
