Where can I find discount solar panels?

SunWatts is the best place to find solar panels with discount, volume pricing, and low cost solar products at wholesale prices. This is your source for discount prices on solar panels by the pallet. These panels are new, A-grade, UL certified, qualify for tax credits, rebates and come with a 25 year manufacturer's performance warranty.

Where can I find low prices on solar panels?

Find low prices on solar panels and panels by the pallet. Call one of our experienced solar design techs to talk about your project toll free at 888-498-3331. If you have your most recent electric bill handy, we'll be able to get started with the design process right away.

Are cheap solar panels worth it?

It's important to realize that even cheap solar panels will still require a substantial upfront investment. Solar panels account for just 12% of a solar installation's total costs, so even choosing more affordable solar panels only lowers the price by a few hundred dollars.

Should you buy solar panels from a wholesale company?

Other companies purchase surplus or discontinued models and resell them to homeowners. But take care. Older panels may not meet modern efficiency or technical specifications. Purchasing wholesale solar panels can save you money, but it's easy to get burned. Learn how to get the best deals and be a smart wholesale buyer.

This guide provides the information consumers need to get the best solar panels for the best prices by purchasing wholesale - without getting burned in the process.

We've carefully selected solar panels from the industry's top manufacturers, emphasizing long term system performance, quality, track record, field history, and low cost.
