As its name implies, it's a summer hat that absorbs solar power as you wear so it not only offers protection from the heat, but also on-the-go mobile charging for your devices. This is solar charging ...

Whether you're hiking up a mountain, spending a day at the beach, or working on outdoor tasks, the EcoFlow Power Hat is your go-to gear for on-the-go solar charging.

360-degree Coverage, Solar Charging On The Go: The EcoFlow Power Hat charges a mobile phone fully in as fast as 3-4 hours. With both USB-A and USB-C ports, charge two devices at ...

Designed as a wide-brimmed sun hat equipped with solar panels, it promises to keep your mobile devices powered while shielding the wearer from the sun. Thanks to EcoFlow for ...

The Power Hat, a brand-new product from EcoFlow, is a lightweight and durable hat with solar cells integrated into its brim for 360° of solar coverage, with both USB-A and USB-C output...

After 3 weeks of head-to-head testing, here are the 5 solar fan hats we'd actually buy for ourselves -- or recommend to a friend who hates sweating through summer.

I've learned to wear a hat, but all that prime solar energy bouncing off my scalp seemed like such a waste -- until I discovered the EcoFlow Power Ha, a combination sun hat and solar...

Tech brand EcoFlow has released a wearable solar-panel sun hat, which uses the power of the actual sun to charge your favorite devices.
