Which solar generator is right for You?

Whether you want something compact for camping or a larger unit for emergency home backup, these solar generators deliver the goods. The Jackery Solar Generator 2000 Plus is a fast-charging portable power station that can be bundled with SolarSaga 200W panels for recharging off-grid.

What are the best portable solar generators?

BLUETTI offers a wide selection of portable solar generators under 1kWh, perfect for camping and outdoor adventures. Models like the AC70 paired with a PV120S panel deliver up to 1000W of power, while the compact AC2A (300W) is an affordable choice for everyday needs. With over 10 years of experience, BLUETTI leads in innovation and sustainability.

What is the best solar power generator for camping?

Say you need a solar power generator for a few days of camping, over the course of which you're hoping to power a few small devices, a string of lights, and maybe even a small electric cooler--the Anker Solix C800 Plus is the perfect little unit. About the size of a shoebox and just 24 pounds, it's as portable and compact as can be.

Can a solar generator power any device?

To find out if a solar generator will be able to power any given device, you'll need to know how much power the device draws and how much power the solar generator can push out. If a solar generator, say the Bluetti AC200P, has an output of 2,000 watts, it can push that amount of power continuously.

Final Thoughts on The Best Solar Generators
As an avid outdoorsman, I've had the opportunity to test an extremely wide range of outdoor gear, including mobile and off-grid electrification equipment like solar-powered generators, as well as inverter and dual-fuel generators. These became particularly essential when the pandemic forced my travels to become domestic rather than international...
