Is there air conditioning in Spain?

"Air Conditioning in Spain- Don't struggle under the Spanish sun. Stay cool and comfortable with a high-performance air conditioning system from Solares Energies." Our team of expert technicians is dedicated to delivering top-tier installation, maintenance, and repair services.

What types of home air conditioning systems are available in Spain?

Wall-mounted split systems are the most common form of home air conditioning in Spain. They consist of two units: one inside your home mounted high on the wall, and another outside. These systems cool or heat individual rooms efficiently and quietly. They're ideal for bedrooms, living rooms, and offices.

Does Solares energy install air conditioning?

Air Conditioning Installation - Our fully qualified air conditioning installers have a wealth of experience in the installation and maintenance of air conditioning systems. At Solares Energies we don't only install air conditioning systems, but we also supply, repair, and maintain them. We work with the most energy-efficient and innovative brands.
