Who is solanra private limited?

Solanra Private Limited is an integrated green energy solution provider from concept to installation. For grid tie and off grid solar power system as well as solar water pumping in Sri Lanka. We strive to provide our customers with the most innovative solutions tailored to their particular power needs.

What is a solar water pump?

Solar pumps are water pumping systems that operate solely on solar energy. They utilize photovoltaic (PV) panels to convert sunlight into electricity, which powers the pump to lift and distribute water from the source to the desired location.

How much electricity does a PV system generate in Sri Lanka?

In Sri Lanka, we typically see that for every 1kWp of installed PV you get a return of between 1400 and 1700 kWhrs of electricity per year. The better the system design in relation to its location the greater the kWhrs return will be.

DC 12V Solar Powered Water Pump Motor 600L/H Brush less Magnetic Submersible Water Pumps Specifications: Supply Voltage: 12V DC Output Power: 8W Material: ABS (Acrylonitrile...

Oswal Pumps is a flourishing and renowned name as Solar Water Pump Manufacturer and Supplier in Sri Lanka. We provide our Solar Water Pumps that are eco- friendly and energy-efficient at the same ...

In Magnetic Pumps Industry, Fluimac a renowned brand with over 13 years of experience that made in Italy, offers high-quality, reliable, and durable Pumps designed for a wide range of ...

Exide Solar Tubular Range Features Tubular positive plates. Pasted negative plates. Acid resistant polyester gauntlets. High porosity envelope separators. Available in sola-tubular range. ...

Discover Hayleys Solar's efficient solar-powered water pumps, designed for sustainable irrigation and water management solutions in Sri Lanka.

If searching for Magnetic Pump in Sri Lanka, head to VND Plastico Pumps Pvt. Ltd. We have the best resources and a team of trained people to manufacture customized pumping solutions for various ...
