Where is the largest battery energy storage system in Switzerland?

The project in Ingenbohl, Switzerland. Image: EWS AG. Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in Switzerland from 20MW to 28MW, making it the country's largest.

Which energy storage projects have been commissioned in Switzerland?

Axpo commissioned its BESS in February this year while utility Thurplus commissioned a 3MW system in September last year. But Switzerland was the location for one of the largest energy storage projects commissioned in recent years, a 20GWh pumped hydro energy storage (PHES) unit which started operations in June 2022 in the Canton of Valais.

Is Bess being monetised in the Swiss electricity market?

It is being monetised in the Swiss electricity market by both CKW, part of Axpo, and utility Alpiq, the announcement said. The BESS is part of a network of power plants, consumers and batteries, it added. The large-scale BESS market in Switzerland has been relatively quiet with renewable penetration on the country's grid still relatively low.

What makes libattion a good battery storage company?

Libattion's battery storage guarantees a stable and regular power supply. Our systems are fire-safe and fully certified. We customize commercial energy storage for your needs and budget. Rooted in Swiss precision and environmental stewardship, we develop and operate the most versatile battery systems for industry and commerce.

SwissBattery is a battery research company located in the northwest of Switzerland, developing rechargeable accumulators using non-critical raw materials to make sustainable and high-energy ...

As a Swiss Engineering, Procurement and Construction (EPC) specialist, we implement customised, modular battery storage solutions that increase your energy efficiency and reduce costs. Flexible, ...

BTRY is a start-up based in Dübendorf, Switzerland, and a spin-off of EMPA and ETH. From the lab to the market - at BTRY, we are developing the industry's first energy-dense solid-state battery made ...

Detailed info and reviews on 10 top Energy Storage companies and startups in Switzerland in 2026. Get the latest updates on their products, jobs, funding, investors, founders and more.
