In the prefabricated cabin mode, the entire cabin is prefabricated to the site, the amount of civil construction on site is small, the impact on the surrounding environment is small, and the ...

From the top of some steep steps called the "Stairway to Heaven," it offers spectacular panoramic views of St. Lucia and, on clear days, of Martinique and St. Vincent.

Equal parts beauty and mystique, Saint Lucia captivates anyone who sets foot on her coastline. Always evocative, she welcomes visitors with her soothing waves, warm beaches, and hospitable people. ...

The cabin is located in Saltibus St Lucia at the forest's edge. A waterfall is located on the property just a minutes walk from the cabin and you can relax in peace with just the sound of the nearby stream and ...

Our top criteria are relaxation, views, privacy, and food, as well as fairly easy access to the beach and excursions. I am thinking of splitting between 2 to get a mix.

I know everyone thinks St. Lucia is just fancy resorts, but trust me - this place is wild in the best way possible. After hiking the Pitons and finding waterfalls hidden in the rainforest, I realized this ...

The geology of St. Lucia can be described as composing three main areas. The oldest, 16-18 Ma, volcanic rocks are exposed from Castries northward and consist of eroded basalt and andesite centres.

There is much to appreciate about Saint Lucia all the things to do and see on the island, including its majestic Piton Mountains, drive-in volcano, refreshing waterfalls, spectacular hiking ...
