What is Tongwei solar module?

It is the first module project invested and constructed by Tongwei Co., Ltd. in Jiangsu and is currently the module base with the largest single-line capacity in the global PV industry, leading the industry in terms of digitalization, intelligence, and automation.

What makes Tongwei a leader in the PV industry?

This impressive rise has its roots in Tongwei's approach to manufacturing, which values resilience and quality above all. The company has established four major module production bases in Hefei, Jintang, Nantong and Yancheng, the largest single-site module base in the global PV industry.

Who is Tongwei new energy engineering design Sichuan?

Diversified industry overlay, space creates unlimited possibilities. Tongwei New Energy Engineering Design Sichuan Co., Ltd. is a wholly-owned subsidiary of Tongwei New Energy.

What is a Tongwei module product matrix?

A module product matrix with Tongwei characteristics and comprehensively covering differentiated market needs has been formed, and the products are widely used in various "PV+" scenarios such as residential rooftop, industrial & commercial and utility-scale power stations to meet the growing global demand for clean energy.

Smart Module By Tongwei Quality as deck, innovation as sail We ship reliable and advanced PV modules by virtue of leading modern intelligent manufacturing.

Based on the "5G+" digital management model, it is equipped with the most advanced production processes and equipment in the industry, and adopts Tongwei TNC and other technical routes to ...

Provide efficient and systematic PV power generation project development consulting, design and installation, system debugging and sales services.

Tongwei TNC 2.0 modules maintain a significant energy yield advantage during the early morning and late afternoon periods In snowy winter scenes Tongwei TNC 2.0 modules can ...

As the largest single fishery-solar project in the world, the Tongwei 300 MW fishery-solar PV plant creates a new ecosystem under PV panels, technology and aquaculture coexist harmoniously.

As a crucial part of Tongwei's new energy industrial chain, TW Solar has consistently led the industry in "intelligent manufacturing," from establishing the world's first Industry 4.0 high-efficiency cell ...

Tongwei Solar, the world's largest polysilicon manufacturer and a leading supplier of solar cells, has ventured into solar module manufacturing. Its product lineup includes PERC, TOPCon, and HJT ...

Tongwei entered the PV industry in 2006 and experienced development for over 10 years rapidly. At present, its business scope covers highpurity crystalline silicon, high-efficiency solar cell, solar ...
