Fully liquid-cooled design, enabling full-capacity operation at ambient temperatures up to 50°C without derating. This system offering an ultra-high AC output power of 4.2 MW and a substantial DC storage ...

The 261kWh liquid-cooled BESS is an advanced outdoor energy storage cabinet designed for commercial and industrial applications. Featuring a high-efficiency liquid cooling system, it ensures ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

Our 261kWh Electric Energy Storage Battery Cabinet is a highly integrated liquid-cooled energy storage cabinet system, ideal for both indoor and outdoor installations.

All-in-one, high-performance energy storage system for various industrial and commercial applications. Highly suitable for all kinds of outdoor applications such as EV charging stations, industrial parks, ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality ...

Designed for commercial and industrial applications, this 261kWh energy storage cabinet integrates cutting-edge 314Ah LiFePO4 battery cells with a high-performance liquid cooling system to achieve ...

The EnergyPack P200 is the ideal solution for isolated or remote locations that need to reduce energy costs and provide a reliable power supply. Its features include peak shaving, low loads, and mobile ...
