With the Apostolic Letter "Fratello sole," issued motu proprio, Pope Francis provides for the construction of an agrivoltaic plant in the extraterritorial zone of Santa Maria in Galeria, where ...

The Holy See and the Italian Republic have signed an agreement to build an agrivoltaic plant in the Vatican's Santa Maria di Galeria area just outside of Rome, aiming to supply Vatican City ...

On Thursday 31 July 2025, at 12.00, in Palazzo Borromeo in Rome, seat of the Embassy of Italy to the Holy See, the Agreement between the Holy See and the Italian Republic regarding an agrivoltaic ...

Italy has agreed to a Vatican plan to turn a 430-hectare (1,000-acre) plot of land north of Rome into a vast solar farm that will generate enough electricity to meet the needs of Vatican City.

The project aims to meet the full energy needs of both the Vatican State and Vatican Radio using solar technology integrated with agricultural activity.

The project--which will produce solar energy while preserving the agricultural use of the 1,000-acre site--will be located at Santa Maria di Galeria. The agrivoltaic plant will provide energy for...

Italy agreed Thursday to a Vatican plan to turn a 430-hectare field north of Rome, once the source of controversy between the two, into a vast solar farm. The Holy See hopes it will generate...

This article explores how lithium-ion technology is reshaping energy management in religious and cultural hubs like the Vatican, while highlighting opportunities for global suppliers.
