Read reviews for Vivint Solar, a Solar PV, Energy Storage company since 2011 based in Lehi, UT.

Vivint Solar was an American provider of photovoltaic solar energy generation systems, primarily for residential customers. The company was established in 2011 as an offshoot of home automation and security company Vivint and was headquartered in Lehi, Utah. The company primarily used a power purchase agreement (PPA) business model where Vivint Solar installed and maintained a solar system on a customer's h...

These customers often remarked on how their customized solar installations met their specific energy needs. There were some positive remarks on how professional the Vivint's solar ...

In our Vivint Solar Review, we will show you what to expect from the Vivint solar system, where you can get one, and how to take advantage of all tax credit options available to Vivint ...

Solar energy is renewable, meaning that we'll have energy as long as the sun is alive. And according to NASA, the sun will be around for another 6.5 billion years.

Vivint Solar, which operated out of Lehi, Utah, left a notable footprint in the residential solar energy sector across the United States. The company had an extensive reach, covering 22 states, ...

Interested in going solar? Read about Vivint Solar's system costs, panels, installation and warranties -- and read verified customer reviews.

In this article, we'll be discussing Vivint Solar's overall quality, value, installation process and more. Since we generally don't recommend Vivint for most aspiring solar customers, we'll also ...
